

CHAPTER I

INTRODUCTION

A. Background

Tourism is an activity that directly touches and engages the community, thus bringing a variety of benefits to the local and surrounding communities. Even tourism is said to have extraordinary energy, which is able to make local people experience metamorphosis in various aspects. Tourism has many benefits for the community even for the country though, the benefits of tourism can be seen from various aspects, such as the benefits of tourism in terms of economic, social, cultural, environmental, scientific value, and employment opportunities.

Indonesia has a wide range of tourism and culture that stretches from Sabang to Marauke, noble from tourist attractions and attractions that are rich in natural beauty, tourist parks, cultural parks, and culinary tours. Many people call Indonesia a world paradise that has a lot of diversity of tourism that is so beautiful and has a feature in which each region has a different culture that symbolizes the characteristics of the region and many tourists both domestic and international tourists who admire the diversity of culture and tourism tourists Indonesian people

Bali is an administrative division in Indonesia and westernmost Lesser Sunda Islands. It is located towards the east of Java and west of Lombok. The island of Bali and a few other neighbouring islands make up for the province of Bali. Some of the well-known islands in Bali are Nusa Penida, Nusa Lembongan, and Nusa Ceningan. Denpasar is the capital of Bali province and is the most populous city in Lesser Sunda Islands. Bali is one of the most famous island destinations among tourists. Tourism in Bali has seen a sharp rise ever since the inflow of tourists in 1980. It is also because of the tourism here, Bali has already seen a rise of 80% in its economy. Some of the best places to visit in Bali are Pura Ulun Danu Batur Temple, Kuta Beach, Nusa Lembongan, Uluwatu Temple and more. One of the cultural events, Indonesian International Film Festival which is held annually in Bali offers an insight into its cultural world.

This time, the day club has become a lifestyle of the people especially people who live in mountain or near beach. Most people who come to day club don't just want to

search food and drinks are usually served. They currently want it look for a different atmosphere from other club. After doing the activities, having a day club is very helpful they are because by eating, drinking and do the parties, their physical condition is fresh. In addition, this is also in line with the progress of time in addition to being used for eating, Day club can be used for business purposes. For example: business meetings with coworkers, so while eating they can discuss business problems between them. This is quite effective for those who feel have a narrow time and the atmosphere of the meeting can be warmer.

OMNIA Dayclub Bali is a day club in Uluwatu that always try to give a best quality service. The facilities provided include Bungalows, Cabanas, Daybeds, Sofa Deck Table, DJ Table, Lounge, Pool Bar, Cliff Deck and The Cube. By create the comfort atmosphere (cliff view) with offer tangible product (facility and product or food) and intangible product (service and coziness from the resort ambience), as a server look forward to welcoming the guest again with good review or feedback for the dayclub itself.

B. Purpose

The purposes of training at OMNIA Dayclub Bali are:

1. The writer can experience the real working in dayclub kitchen.
2. The writer can the writer can add connectivity with the OMNIA Dayclub Bali staff.
3. The writer wants to challenge self on real Kitchen Department.
4. The writer wants to know about management system in Kitchen Department at OMNIA Dayclub Bali.

C. Period and Procedures

The period of industrial placement program was six months, starting from January 2019 to July 2020. Before having the industrial placement, the writer must have absence not more than three times in college and the author must have minimum GPA score 2,75, also the minimum grade is C for every core subject, such as Food Production, Pastry and Bakery Production, Food and Beverage Service Operation, and Food Styling. Then, the writer chose the place for industrial placement. The writer chose Kitchen Department in Omnia Dayclub Bali. The reason why writer choose kitchen department because the

author wants to develop cooking skill into advance level and the writer want to open restaurant. And the reason why writer choose OMNIA Dayclub Bali, because the writer wants to know the workflow in resort club. After choosing department and place for industrial placement, the writer needs to fill internship form application and make Curriculum Vitae. The interview for the placement was in November. The writer was interviewed by Mr. Auli Ramadhan, the Executive Chef. The interview questions were quite varied. He asked about writer's personality and reasons why choosing Omnia and Kitchen Department.

Last, before the industrial placement started, the writer got briefed from the Executive Chef, Mr. Auli Ramadhan. From the briefing, the writer got schedule to be placed at Preparation, Cold Section, Sautee Section, Grill Section, and Pizza Section. During the Industrial Placement Program, the author needs to follow the instructions from the superiors, regarding the tasks related to the Kitchen Department, including maintaining hygiene and sanitation of the kitchen, and making products based on Standard Recipes.

After the industrial placement ended, the writer must write the Industrial Placement Report and do the presentation after the report already finished. The writer must describe very detail the activities done in OMNIA Dayclub Bali and completing other forms needed to support the success of this Industrial Placement program.
