## **ABSTRACT**

This Industrial placement Program is a very important program from the campus, because the lesson that has been applied by the campus can be applied directly in working environment, especially in the Operations section. Learning on campus and in industrial placements are different things. If on campus we practice material and theory only with our own circles, but in industrial placement we can practice directly with guests. This industrial placement program is a program that can broaden students' outlook. The industrial placement program was carried out at Novotel Lampung on 19 July 2021 - 19 January 2022. This report aims to explain what has been obtained, job descriptions and other responsibilities in the Front Office Department and also the industrial placement experience at Novotel Lampung so that it can be a reference for students Hospitality that will conduct an industrial placement program at the hotel. Although there are many obstacles during the industrial placement, but everything can be done well.

## **ABSTRACT**

Program magang ini merupakan program dari kampus yang sangat penting, karena pembelajaran yang sudah diterapkan oleh kampus bisa di terapkan langsung di lapangan pekerjaan, khususnya dibagian Operasional. Pembelajaran di kampus dan saat magang merupakan hal yang berbeda. Jika di kampus kita berlatih secara materi dan teori hanya dengan kalangan sendiri, namun saat magang kita bisa langsung berlatih dengan tamu. Program magang ini merupakan program yang dapat menambah wawasan luas untuk mahasiswa. Program magang dilakukan di Novotel Lampung pada 19 July 2021 - 19 Januari 2022. Laporan ini bertujuan untuk menjelaskan apa saja yang sudah didapat, deskripsi pekerjaan serta tanggung jawab lainnya di bagian *Front Office Departement* dan juga pengalaman magang di Novotel Lampung agar bisa menjadi referensi untuk mahasiswa Perhotelan yang akan melakukan program magang di hotel. Walaupun banyak beberapa rintangan selama menghadapi magang, namun semuanya pasti bisa dijalani dengan baik.
