FOREWORD

Thank God Almighty for His blessings and mercy, the author can complete the final semester exam proposal entitled " designing mobile website on how to take care of leopard gecko for parents who owns leopard gecko " in a timely manner.

Many beginners assume that caring for *a* Leopard Gecko is easy. However, many are not yet known about the health problems that will occur if some details are forgotten when taking care of the pet. This final project aims to educate all Leopard Gecko owners, as one of the famous pet reptiles in Indonesia, so that they can take better care of them.

Say thank you

1. Dr. Ninok Leksono, as the Rector of Multimedia Nusantara University.
2. Muhammad Cahya Mulya Daulay, S.Sn., M.Ds., as Dean of the Faculty of MultimediaNusantara.
3. Fonita Theresia Yoliando, S.Ds., M.A., as the Head of the Multimedia Nusantara University Study Program.
4. Aditya Satyagraha, S.Sn., M.Ds., as the first Supervisor who has provided guidance, direction, and motivation for the completion of this final project.
5. My family who had provided material and moral support. Especially my mother who helped with Indonesian Language
6. Regina Audrey in helping to find various interview information

Hopefully, the author's final project can help many beginners who maintain Leopard Gecko in taking good care of them.

PERANCANGAN MOBILE WEBSITE MENGENAI CARA MERAWAT LEOPARD GECKO UNTUK ORANG TUA PEMILIK LEOPARD GECKO

Katharina Deoni Fela

ABSTRAK (Indonesian)

Di masa pandemi, kesempatan untuk berinteraksi dengan orang lain semakin berkurang yang berdampak pada kondisi psikologis dan fisik. Banyak orang memutuskan untuk memiliki hewan peliharaan demi interaksi. Menurut sebuah penelitian di Indonesia, terjadi peningkatan pencarian mengenai hewan peliharaan, salah satu hewan peliharaan yang lagi trending adalah Leopard Gecko Leopard Gecko cenderung mudah dipelihara, namun karena informasi cara merawatnya masih beragam, bisa jadi ada kesalahpahaman, menyebabkan banyak masalah seperti gangguan kesehatan pada Leopard Gecko, dan juga dapat mempengaruhi pemiliknya juga. Dari hasil penelitian seperti wawancara dan FGD, banyak yang tidak diketahui oleh penulis mengenai Leopard Gecko, dari segi jenis Leopard Gecko yang memiliki penyakit bawaan, pentingnya kebersihan dalam merawat Leopard Gecko, dan bagaimana cara merawat yang gagal. satu juga akan mempengaruhi pemilik. Hal ini membuat penulis berpikiran terbuka terhadap Leopard Gecko sebagai reptil “pemula”, tidak bisa diremehkan begitu saja.

ABSTRACT (English)

During the pandemic, there are less opportunity to interact with others which has an impact on psychological and physical conditions. Many people decide to have a pet for the sake of interaction. According to a research in Indonesia, there is an increase in searches regarding pets, one of the more trending pets is Leopard Gecko Leopard Gecko tends to be easy to maintain, but because of information on how to care of it still vary, there can be misconceptions, causing many problems such as health problems in Leopard Gecko, and can also affect the owner as well. From the results of research such as interviews and FGDs, many are not known by the author regarding Leopard Gecko, in terms of types Leopard Gecko who has congenital diseases, how important hygiene is in caring for Leopard Gecko, and how failed to take care of one will also affect the owners. This makes the author to have an open mind towards Leopard Gecko as a reptile for "beginners", it cannot be underestimated casually.
